INSTALAÇÃO

## SISTEMA DE FIXAÇÃO

- Para fixação, faça um furo circular no produto com uma broca de diâmetro maior que o do parafuso, de 1 a 2mm.
- Após abertura, faça a fixação com os parafusos.

Peso: 1,8kg/ml

**ARKOWOOD K 100x30mm**

Comprimento: 5,60m

Peso: 2,4kg/ml

## ARMAZENAGEM | DESLOCAMENTO | MANUTENÇÃO

Não bata no material durante a descarga e segure-o muito bem durante o transporte.

Armazene o produto em paletes ou bases firmes, uniformes e rígidas.

Não exceda 40 unidades na vertical ao empilhar.

Não descanse elementos pesados sobre o produto armazenado.

Proteja-o dos elementos com materiais não translúcidos: polietileno preto, papelão ou materiais similares, garantindo fluxo contínuo de ar.

Se houver contaminação, limpe imediatamente removendo qualquer substância derramada; não utilize produtos abrasivos; não esfregue: molhe-o com água quente e seque-o com um pano macio.

Pode ser lavado à pressão, com uma recomendação de pressão máxima de 1100 PSI.

Sempre adote as medidas de segurança necessárias e evite danos ao material.
